Dear Tom,

I have to be at a meeting of the committee organizing next years colloquium. I am to be secretary! I believe that the meeting is on the Saturday morning but even if it is on the Friday it can not be until late evening. Prof. Davies just told me that I was required there and then went off on holiday before I could do anything about it, so I have not been able to talk to him about it. When you were planning to drive to Aberdeen did it not strike you that we could sail from there and take

the car to Lewisick for less than the air fair?
~~It was~~ We might want a car on the
mainland of Shetland as well as Yell
& Unst.

When I got your letter I was
looking at tape readers. I decided
that the Fi-cord was the only one to
get, but at £62 it was too much.
Then I ran into a second hand one
at £36. The initial tests which I
had performed on it in the Electronics
department here proved it to be in
very good order, so I bought it.

It might be easier to see
NORM Cameron than to see Tanny
Anderson etc midweek. But if you
not worried about seeing any of the SFCS
again, I'd like to spend the weekend
at Bressay. You Frank
