

Wakefield

25th September 1961

Dear Tom,

Here are the notes from my notebook. The only queries occur in the extracts from the Shetland News. If you write to George Nelson to ask him for more information about John Moffat, you might also think it worthwhile asking him to clear up the passage on Gilberton of Whaley, and perhaps also the remark on the "Bruckie reel" celebrity.

The spinney is now in good order, fly repaired, new pins, all scrubbed and spinning away. My first two ply wool is almost as bad as the hand spun stuff - I shall use it all for weaving! I shall go out as soon as the shops open to get some raw linseed oil to rub into the spinney to finish it.

Thanks for putting me up ^{Friday} Saturday night. I always enjoy staying with you. It let you know when I am coming up to Liverpool again. It won't be very soon for I cleared up most of the problems with Arthur on Saturday.

I enclose some ^{receipts} bits which you will want. Let me have the details of our expenses when you have them ready.

Best wishes

Frank.
