Dear Tom,

I'm just a bit behindhand in sending my Christmas greetings this year - but for once I have kept to my resolve to send letters with a lot of my cards. This is the last one - and since I am preparing to set off back to Southampton it will be a short one.

First, I enclose a card from Pat S-S. I'll get in touch with him and plan a trip to Farnham for next vacation.

Second, could I borrow the film of Chivers again please? The Southampton Scottish dance club

is down to 2 men and 4 women  
but they have put in an entry for  
the inter-variety festival. One of the  
men is good enough to be worth  
bothering about, and I should like  
to work up a set of the precursors  
of Dashing White Sergeant for them.

I'm converting one of my Ordinary  
degree lecture courses to statistics next  
term, so I shall be busy writing the  
lectures for the next fortnight. I hope to  
give a full lecture course next year.  
Have decided to spend the summer in  
America.

Best wishes. Please let me  
know the dates of your trip to  
Turkey

Yours  
Frank.
