Dear Tom,

I ought to have acknowledged receipt of the film and tapes before.

I have been doing some transcription this morning, but the wretched machine has just developed a wow which will have to be put right at the factory.

I'm furious. So it will be some time before you get the tapes back.

Harriet had time to go into the integration paper yet. I've been setting finals exam questions and now have the prospect of 96 scholarship scripts to mark.

I must write to Pat S-S about the  
step dancing. Do you know his home  
address?

Did I tell you that I had been  
given some bulbs collected in  
Persia and Turkey last year? - the  
first tulip is coming into flower  
now. I am also rejoicing in  
some early crocuses which are  
now flowering on my balcony.

Yours

Frank

P.S. Do you want ~~2 or 4 track~~  
~~and~~ me to copy the tapes using  
a 2 or 4 track machine?
