Dear Tom,

I'm in my usual perpetual  
mish. Sorry I didn't see you at  
Koster. My visit to the north was  
hectic - I had to get back here to  
prepare for an Alpine garden society  
local show. Humping peat, rock etc  
for a main display 2yds by 3yds  
is no joke, when it is all to be torn  
down within 3 hours.

My niece made me some  
peppermint creams for my birthday. I've  
finished them, but you can enjoy  
the box. I enclose also the dance book.

I'd like to see your lecture when it  
is in print. Thanks for your papers on  
Scottish dance. I've enjoyed reading them.  
Yours sincerely  
Frank
